

## Rebecca Medley - Bio - Sept. 18, 2009

Since I was a little girl, I'd always wanted to be a Mary Kay lady and drive a pink Cadillac. I had an aunt who was a pink Cadillac, Sales Director and I wanted to be just like her. Amazingly, no one ever offered me the MK career until Rebecca Allen came into my life and at the age of 32, I began building my Mary Kay business. It was May of 1997 when I joined this awesome company and by August of that year my team had earned the use of our Grand Am. We went on to become a unit by January of 1998 and as many of you know, this is not my first time to be a director. In March of this year something inside of me just happened and I realized that I wanted MY life back! I began to work my Mary Kay business again FULL Circle and as I did, my team began to grow. We went on target for our car and then back into DIQ. I hope you never give up on anyone in your unit and that I give you hope! One thing I do know is that I am the happiest person in the world when I am working my Mary Kay business and I will never let life get in the way again. Over the past twelve years I can honestly say that Mary Kay is the light that has shined the brightest. For me a great day is a day when I can share my products or opportunity with someone else!
